

## **Notice Authorizing Electronic Filing in Criminal Cases**

**TO: Federal Defender's Office, CJA Panel Attorneys, Retained Counsel  
in Criminal Cases, and the United States Attorney's Office**

In May 2004, the District of Oregon converted to the Cm/ECF<sup>1</sup> electronic case filing system for criminal cases.

Anticipating some difficulties in the transition to the Cm/ECF system, we requested attorneys refrain from electronically filing pleadings, motions, and other papers until the conversion was complete.

I'm pleased to report that the transition to Cm/ECF has been successful and we are now able to receive electronic filings in criminal cases pursuant to LR 100. Information about LR 100, and our court's Cm/ECF system (including an on-line user's manual and tutorial) can be found on the court's website at:

<http://www.ord.uscourts.gov/ECF/CMECFHomePage.htm>

If you have other questions about electronic filing in criminal cases, please call your local Clerk's Office for information.

Ancer L. Haggerty  
Chief Judge

---

<sup>1</sup> Cm/ECF is the acronym for the Federal Judiciary's Case Management and Electronic Case Filing System for civil and criminal cases.
